Summary of Applicant Interview

Sir:

This Summary is filed as a supplemental response to the Amendment and Response Filed October 22, 2007.

Applicant's attorney engaged in a telephonic discussion with Examiner Shay on October 24, 2007 after Applicant called to discuss the above referenced amendment and response. Examiner Shay indicated that the Amendment and Response was not yet been docketed to him and was unable to discuss it. During the discussion, Examiner Shay indicated a question relating to an undated reference provided in a previously filed IDS entitled "Feasibility of Using Lasers to Retard Cataract Development in the Ocular Lens by Restoring Lens Movement." Specifically the Examiner wished to know if a date of publication was available.

Upon further inquiry, the reference of interest was submitted for publication in December of 2001, but was rejected and has not been published. An updated form 1449 listing this

information (along with an additional reference) is provided herewith for the Examiner, along with a copy of the reference.

If any questions remain, applicant respectfully requests a telephone call to the below-signed attorney at (314) 444-7783.

Respectfully submitted,
Lewis, Rice & Fingersh, L.C.

Kirk A. Damman
Registration No. 42,461
